

Established October 27, 1855.

JACKSON, AMADOR COUNTY, CALIFORNIA, FRIDAY, NOVEMBER 4, 1910.

Five Cents Per Copy.

## Notice to Voters!

Jackson, Cal., Nov. 2nd, 1910.  
To the Electors  
of Amador County:—  
Owing to the great amount of work in my offices incident to the three elections this year, to wit:—The primary, the high school, and general elections, I have found it utterly impossible to give these matters my personal attention they demand and which in my opinion they deserve, and also make a canvass for the office to which I seek re-election.  
I sincerely trust the voters will understand and appreciate my position; never before in this county, has the clerk's office been required to handle three elections in less than three months; by long hours and hard work will be able to discharge these additional duties without asking the supervisors for extra help, which to the taxpayers will be some saving.  
I appreciate the splendid vote given me by the people of Amador county at the recent primary election and take this opportunity to thank them therefor and to assure them that I have tried hard to merit their confidence.  
To every man who votes for me on November 8th, I shall indeed be grateful.

Very respectfully,  
JOHN R. HUBERTFY,  
County Clerk & Auditor.

## LAWYERS.

**W. M. G. SNYDER,**  
Attorney-at-Law,  
JACKSON, CAL.  
Office in Marella Building, Court street.  
Will practice in all the courts of the state.

**LAW T. FREITAS**  
Attorney-at-Law  
Specialty—Commercial law and collections.  
Credit attorney Stockton Retail Merchant's Association.  
Suite No 210, Savings & Loan Bank Bldg  
STOCKTON, CAL.

## DOCTORS.

**E. E. ENDICOTT, M. D.**  
Physician and Surgeon  
JACKSON, CAL.  
Office: Webb building. All calls promptly attended to at all times

**DR. A. M. GALL**  
Physician and Surgeon  
JACKSON, CAL.  
Office in Marella building, Main Street

**DR. BLAKE FRANKLIN**  
PHYSICIAN AND SURGEON  
Office Kay Building 12 to 4 p. m.  
Hours: 7 to 8 p. m.  
Residence: 54 Water street.  
Telephone—Office, Black 243.  
Residence, 241.

**DR. L. G. LYNCH**  
Physician and Surgeon  
Tel. Office, Main 26  
Residence, Main 27  
Amador City, Cal.

**B. F. WALKER, M. D.**  
Practice limited to diseases of  
EYE, EAR, NOSE AND THROAT  
Office—ELK'S BUILDING,  
STOCKTON, CAL. 1731

Office Hours 9 to 12 A. M.  
2:30 to 4:30 P. M.  
Telephones  
Office, Main 167  
Residence Main 107  
**BARTON J. POWELL, M. D.**  
Eye, Ear, Nose and Throat  
Physicians Building  
Stockton, Calif.

**Dr. Wm. Ellery Briggs**  
**Dr. Geo. A. Briggs**  
**EYE, EAR, NOSE, THROAT**  
Hours—9 to 12 a. m. 1005 K St.  
1:30 to 4 p. m. SACRAMENTO

## DENTISTS.

**DR. JOHN A. DELUCCHI**  
—DENTIST—  
SUTTER CREEK, CAL.  
OFFICE HOURS:—From 9 a. m. to 5 p. m.

**RICHARD WEBB**  
United States Commissioner  
JACKSON CAL.  
Will attend to Homestead and other things; taking of final proofs and all other Land Business.  
Deeds and other legal documents drawn up.

**JAS. JAY WRIGHT**  
Abstract Office  
Searcher of Records, Conveyancer, Etc  
JACKSON, CAL.  
Office—Spagnoli Building, Court House Square.

**ARCHIE S. MOORE**  
Teacher of Harmony  
Violin, Mandolin, Cornet and all brass instruments. Piano tuning a specialty  
37 Broadway, Jackson

## JACKSON CITY ITEMS

### Local Happenings About Amador's County Seat

Amiel Lucot and family have moved from the old Hoffman residence on the Sutter road into the dwelling owned by C. M. Kelly at the corner of Court and Church streets.

A meeting was held in Volcano Tuesday evening to boost the high school proposition. A strong delegation of ladies and men from Jackson attended to help along the cause.

Beautiful long coats now on exhibition at McGary's.

A mild case of diphtheria developed in the family of T. J. Burrow.

Mrs Miles has moved her real estate office to a suite of rooms on the second floor of the Webb building.

Miss Rose Stasal returned home on Thursday of last week, after an absence of four months in Seattle and other places.

Mrs Gregory and her mother, Mrs Hosmer, left for Berkeley Tuesday morning.

Wm. Tam has been in Volcano for the past two weeks, for the benefit of his health. The change seems to have helped him considerably.

J. F. Wilson, Dentist. Hours 9 a. m. to 5 p. m. Phone—Office, Main 75; residence, Black 394; Jackson.

At the Methodist Episcopal church, the morning subject Sunday at 11 o'clock will be "Captivity of Thought," and the evening subject will at 7:30 will be on "The Power of the Bible."

Jos. Gluckfeld, of the Red Front, is in San Francisco, purchasing fall and winter stock.

### Primary Law Has Many Freak Results

The primary election played many curious antics. When a man is nominated on the ticket by the majority votes of any party having a place on the ballot, there is no way of getting his name off the printed ballot. It may be he is not in sympathy with the doctrines of the party whose nomination he receives, without any seeking on his part, nevertheless he must stay with it. This is apt to give birth to wrong views concerning the candidate. For instance, Grove L. Johnson was a candidate at the primaries for assemblyman. He was defeated by Charles A. Bliss, who is the regular republican candidate. But Johnson received one vote on the prohibition ticket, and was thereby made the prohibition candidate for that office. He is not and never was a prohibitionist, but he cannot get off the ticket.

In this county, similar pranks were played by the primary law. U S Gregory received the socialist nomination for sheriff by a lone vote. His name will go on the ballot as the nominee of that party for sheriff as well as the democratic nominee. His republican nominee, John S. Davis received a vote or two on the prohibition ticket, and was made the nominee of that party for sheriff, without any seeking on his part. He is not a prohibitionist, but a republican out and out. His name must therefore appear on the ballot as the regular nominee of that party, which nomination he was not seeking, as well as the republican nominee, which honor he was seeking. We make this explanation to avoid any misunderstanding. These scattering nomination have no bearing whatever upon the sentiments of the parties nominated.

### Caminetti's Poor Showing at Primary

The official figures of the primary election are to hand. They show a surprising vote on the state senatorship in this district, Howard, the republican candidate, running clean away from Caminetti, his democratic opponent. It is reported that the labor classes are fighting Caminetti, and the vote shows that something is afoot. The figures are as follows:

	Caminetti	Howard
Amador	595	567
El Dorado	293	586
Calaveras	375	862
Mono	42	107
Alpine	3	51
Totals	1308	2173

## Struck Wrong Man

Last Saturday night, while the democratic rally was in progress, a man considerably under the influence of liquor, persisted in annoying many people in the crowd which had assembled to listen to the speakers, by begging money and abusing all who refused him. The fellow asked one man too many, and before he knew it, city marshal Sanguinetti had him on his way to the lockup, where he spent the night reflecting on his ill fortune. Next morning the city marshal escorted the man who could give no place of residence to the city limits, and after a warning bid him an adieu. Another deaf and dumb grafter was given the same send-off by our city marshal the same day.

## KILLED IN MINE

### Victim of Fatal Accident Leaves Family to Mourn Loss

A fatal accident occurred in the South Eureka mine on Friday night last. Shaft repairing is in progress at the mine. At the time of the fatality, Nick Glavinich and a number of others were working in the shaft, Glavinich being one of the crew employed at a point 90 feet below the 2500 level. About nine o'clock a big block of timber, such as is used in shaft work, got loose, and fell down the shaft. How it came to fall we are unable to say. The block struck Glavinich in the head, knocking him down the shaft. He fell about 150 feet. The fall must have killed him almost instantly. The body was badly mangled on one side. Coroner Potter held an inquest the following day, the jury finding a verdict of accidental death. The funeral was held last Monday, under the auspices of the Austrian Benevolent Society, of which lodge the deceased has long been a member. The remains were buried in the Catholic cemetery, Rev. Father Gleeson officiating.

The deceased was 48 years of age, and a native of Austria. He had been a resident of this county for about 20 years, employed most of the time in the mines of this vicinity. He leaves a wife and three children, also a brother and other relatives. His family are residing in Newmanville, this city.

## TRUSTEES MEET

### City Fathers Clean Up All Work for Past Month

The board of trustees of Jackson met November 30, V S Garbarini, presiding, and all members present.

Monthly reports of marshal, recorder, sexton, treasurer and clerk were read and approved.

The following demands against the city of Jackson were ordered paid.

H A Clark, team hire	\$9 00
S Phear, "	2 50
C Gibbert, "	4 50
C Goodal, labor	5 00
J Craze, "	26 25
M Milovich, "	1 25
A Scatena, "	30 00
D Donovan, "	5 00
E S Petois, "	16 50
J Forsyah, labor & sup.,	14 10
V Giovannoni, & Co., sup	8 50
F W Ruhser, sup	10 85
Garbarini Bros, blacksmithing	19 35
C Marelia, rent	6 00
C Richtmyer, water	11 70
A E L & P Co, lights	110 00
W G Thompson, recd fees	6 00
Podesta & Taylor, water for sts	137 50

Salaries were ordered paid as follows:

Frank V Sanguinetti, marshal etc., \$75; R C Bole, city atty., \$25; J S Garbarini, fire chief, \$10; E S Petois, sexton, \$50; C M Kelley, clerk, \$40.

Jos Ratto asked to have the skating rink license reduced.

R Ball was granted permission to conduct a turkey shooting on Nov 20.

Ladies' improvement club was granted permission to build bonfires on Main street Nov 4.

F W Ruhser appeared before the board in relation to reducing the license on counter machines, and the matter was taken under advisement.

Communication from Pac Tel & Co read, and laid over to next meeting.

Communication from Pacific Municipalities read and filed.

Adjourned to meet December 1.

## REPUBLICAN

### RALLIES BIG

### Speakers Enthusiastically Greeted Along Entire Route

The meetings of the republican county candidates were opened at Drytown last Thursday, October 27th, and reports are circulated that the opening night was one of the most enthusiastic that the town has ever witnessed.

The party, after bushwacking in the lower part of the county all day Friday, again assembled at Buena Vista where another rousing reception was tendered the candidates.

On Saturday evening Hon. G. F. McNoble of Stockton, was present with the party at lone, and spoke on state and national issues. The meeting at lone, as were the two previous meetings, all that could be expected.

Most of the party returned to their homes on Sunday and had a day of rest with their families, starting out on Monday morning to visit Plymouth and vicinity.

A rousing meeting was held at Plymouth on Monday night, and each of the candidates report full satisfaction with the general outlook in that locality.

On Wednesday evening Volcano did herself credit to the republican party. Nothing more in the way of a reception could have been expected, and the applause greeting each candidate as he was introduced, was stimulant enough for the weakest speaker to do himself full credit, in explaining the many necessities and the stern qualifications which are required by the officer.

Pine Grove was reached on Thursday night, and here another large and enthusiastic audience was faced. This district is now claimed by the republican party and next Tuesday will verify the report we feel sure.

To night will start the real fight for honors and offices, as the aspirants have the honor of addressing the citizens of Amador and an exceptionally large turnout is expected.

This is the home John S. Davis, the republican candidate for sheriff, and it is claimed he will carry his town by a big vote.

## LICENSE ISSUE WARM

### Attempt to Mislead Voters in Explaining Case

The chief burden of the speeches of U. S. Gregory and C. P. Vicini throughout the county has been to clear themselves in the matter of the uncollected licenses and free licenses to John Ratto. The fallacy of the arguments resorted to in the effort to begot the people on this issue needs to be shown. In defense of Ratto's freedom from contributing anything toward the support of the county government these advocates of non-payment claim that Ratto is a poor man, and unable to pay a county license. The comparison was made with the poor man trying to keep out of the poorhouse by peddling trinkets on the street. Ratto was held up as a subject of sympathy, unable to make a living except by bumming on the taxpayers. This is anything but complimentary to Ratto.

The truth is Ratto is a young man, single and able-bodied. He pays a city license for conducting his show in Jackson—pays it because the city authorities—unlike the county managers—insist upon his contributing his share for the governmental protection afforded him. He is well able to pay, because he has done a thriving business—as good a business as any one in Jackson. If he can pay here he can pay the county license for showing in Sutter Creek also. If he is not doing a paying business there, why not quit, and let some one else try. If he is doing a paying business on the outside, the poverty plea, miserable as it is, will not hold. He is not dependent upon the outside show business, with its shirked license, for a living, but upon the Jackson business, where he has to pay a license. The truth is, the basis of the free license is political, and nothing else.

## Seriously Ill

Mrs W. P. Peek is suffering from an attack of pneumonia, and Miss Cassela, a trained nurse, is attending her. She is in a critical condition.

## Closed Out Business

R. S. Bierce, who has been conducting an exclusively shoe store in Jackson for several years, in the front of Love's hall, has closed out his business, and intends to leave with his family for other parts. He has been negotiating to form a partnership in the shoe repairing line, with improved machinery. The stock of Regal shoes which he carried for sale on commission, was packed up and shipped back to the factory. The other stock, we are informed, was assigned to the creditors. The vacated premises may be occupied by T. J. Burrows, the manager of the electric light company, and be fixed up for the sale of electric supplies, etc.

## SUICIDE MANIA

### Johnson Succeeds in Taking Life By Drowning

Oscar Johnson, a Swede employed at various mines about Jackson, who attempted suicide on Wednesday night of last week, and was only frustrated in his act by the timely arrival of several men who heard his moans after he had slashed his throat and windpipe, is missing.

Johnson wandered away from the county hospital, to which institution he was committed after his first act upon his own life, and was successfully treated by Dr. A. M. Gall, who sewed up the ugly gashes which were self-inflicted.

Nothing more was seen or heard about him, until Harry Richards and Dick Penrose found some clothing on a small raft of the Argonaut Mine reservoir, and they immediately reported the facts to the authorities in Jackson. An investigation found that the clothes belonged to Oscar Johnson, the man who had secretly left the county home.

Several men were dispatched to the scene with grappling irons.

Constable Laverone and John Garbarini dragged the reservoir as well as the imperfect implements at their command would allow. The water is 15 feet deep in the center, and there was no boat available, so that the groping for the body was unsatisfactory and resultless.

The general feeling is that a human body is concealed by the water. Some think that the supposed victim tried to create the impression of suicide, and has decamped. His full clothing was not left, only hat and coat—the latter saturated with blood from the gashed throat, and the hat recognized by constable Laverone as the one he had given him when taken to the hospital.

The water for the supply of Jackson for domestic purposes comes through the Argonaut reservoir, and this imparts a serious phase to the matter.

The district attorney, who was away on a campaign tour, was notified, and arrived Wednesday. The matter of draining the reservoir was mentioned as the most satisfactory solution, but the question of who should bear the cost proved a bone of contention. It would necessitate a shut down of the Argonaut hoist, which is operated by water power, for two or three days, at a loss of several hundred dollars. The company was in no way to blame, and should not bear the loss, the officials contended. On the other hand the county and city authorities were averse to making it a public charge.

Yesterday, by means of a glass apparatus to see through the water, an effort was made to locate the body, but without success, the sun being too low. Another effort will be made to-day. If it fails, the emptying of the reservoir will be imperative.

The people of Jackson are uneasy. Hydrant water is discarded for domestic purposes, and the wells are being resorted to in the emergency. The situation is becoming acute.

## Jordan Visits City

Frank A. Jordan and wife paid Jackson a visit on Thursday last, enroute from Sonora to Sacramento. They spent the night at the county seat, and Mr Jordan proceeded to hand out stock certificates for shares to the Society of Good Friends, and organization that has a membership of over 60,000 at the present time. Jordan is candidate for secretary of state on the republican ticket.

For buggies, farming implements, etc., go to McCall & McCall, Stockton.

## HIGH SCHOOL GETS BOOST

### Entire County In Sympathy With the Movement

The campaign that is now being waged throughout the county in the interest of the high school movement is meeting with encouragement in all sections, and there is no doubt entertained of the success of the proposition at the forthcoming special election. Enthusiastic meetings have been held in Drytown, Plymouth, Oleta, Volcano and Pine Grove, and the campaign will close in Jackson, to-night, at the grand rally to be held under the auspices of the High School Boosters' Club of Jackson. Plans are also under way for a meeting in Amador City Sunday night, as Professor Greenhalgh does not wish to leave out any part of the county in his campaign of education. The meeting scheduled for Amador City was cancelled owing to the quarantine against scarlet fever, but as this embargo has been lifted, it is desired to give the people of that city an opportunity to listen to the arguments in favor of the high school.

Especial interest in the movement has been manifested in the eastern section of the county, where largely attended meetings were held, on Tuesday night in Volcano, and at Pine Grove the following evening. The citizens of Volcano turned out en masse Tuesday evening to listen to the speakers whom Mr Greenhalgh had enlisted to assist him in his work. The Cook band rendered assistance by the rendition of stirring and appropriate selections before and during the meeting; the school children attended in a body, and aroused enthusiasm of the assembly by their stirring rally song and rally yell. The meeting was continued on last page.

## DEMOCRATS PLEAD CAUSE

### Candidates Recite Stereotyped Addresses Before Fair Crowds

We last week published a portion of the talk indulged in at the initial meeting of the democratic local candidates in Buena Vista on Tuesday of last week. A representative of the Ledger was there for the purpose of taking notes. It has been the practice of some of the local orators of democracy to pour out their pent-up vials of wrath against the Ledger on such occasions, and we simply wanted to get a line on the tunes to be sung for the edification of the voters, but not because we cared a snap for abuse usually showered at such times. The speakers, however, were not anxious for publicity along the customary path, and kept fairly within the limits of legitimate discussion on this proposition, however foolish the speakers were in other respects.

On Friday night the same candidates were at Pine Grove. The candidates had started for the meeting place before the Ledger was issued, but the papers reached the Grove by the regular mail that evening. The Ledger was never in such demand in the little village as that evening. In a business place the candidates were gathered, with a number of residents of the vicinity. They were divided into several groups of half a dozen or so each. Each group was excitedly poring over a copy of the Ledger, and discussing its contents, the discussion at times waxing vehement and stormy. It was one of the most amusing scenes witnessed in local politics for years.

The reporter for the Ledger was present at the Pine Grove meeting, to the amazement of the candidates. Some of them seemed to think that it was an act of outrage for a local reporter to dare to report their speeches or to be present at all in a reportorial capacity. However, the speeches were toned down in several respects from the previous night. Some of the silly stuff was cut out.

Gregory informed his hearers that they would not need to bother themselves for any other democratic candidate for sheriff as long as he lived, for, he tearfully sobbed, "I want to stay with you forever, or until I die, and then I want to be buried beneath

### THE LOCAL CAMPAIGN.

Before the next issue of the Ledger, the election will have passed into history, and the personnel of the state and county governments will have been determined for the next four years. To the people of Amador county the result of the election for local offices is of more absorbing interest than the contest for state offices. It concerns their every-day life, and will affect them financially and otherwise at every stage of affairs for the coming official term. The Ledger is not a hide-bound Republican paper. We have at various times declined to support state and county candidates, on high moral or political grounds, but never from mere personal motives. We have no sympathy with that blind partisanship that would "vote for the devil on one's own party ticket in preference to a saint on the opposing ticket." That is placing partyism above patriotism, whereas it should always be subordinate to the fundamental principles of good government. Efficient and economical government cannot be expected unless those charged with the administration of affairs are honest, capable and devoted to the public weal. The Ledger believes that a republican should not score his ticket without good and sufficient cause for so doing. Even where the rival candidates are deemed equal in the all the qualifications of fitness, it behooves the party man to give the preference to the candidate of his own political faith. To this extent only should party fealty govern in the selection of local officers.

Now, the republican county ticket is made up of exceptionally good material. Those candidates who are in office—superior judge Fred V. Wood, school superintendent W. H. Greenhalgh, and coroner and public administrator H. E. Potter—are conceded to be as efficient officials in their respective positions as the county has ever had. And not one of them has yet served a full term. They are seeking indorsement at the hands of the voters by a reelection to the offices they have so satisfactorily filled. Not one of them is tendering apologies or excuses for official shortcomings. Their record is an open and undefaced book. They ought to—and we believe will—command the support of an overwhelming majority of the voters of Amador county.

Of the new candidates we have first of all, John S. Davis, nominee for sheriff. He is in the prime of manhood, physically, mentally and temperamentally he impresses one as the right man for the place. There is nothing of the bulldozer or dictator in his make-up, but at the same time a self-possession and firmness that are essential qualities in a sheriff. There is W. G. Snyder, candidate for district attorney—an office of vital moment to the welfare of the county. He has been actively engaged in the practice of law in Jackson for nearly four years. He commands the confidence and respect of all who have entrusted business in his hands. He has already reached a position as an able and reliable practitioner of law. Without any disparagement of his more inexperienced opponent, voters will make no mistake in electing Mr. Snyder as criminal prosecutor and legal adviser of this county. John Marchant, candidate for assessor, Fred B. Le-Moin for treasurer, and Antone L. Reale for county recorder, are each running against the present democratic incumbent of the respective offices. The Ledger is free to say as a matter of simple justice that it finds no fault with the conduct of these offices under existing management. At the same time the republican nominees are tried and true men, equally well equipped for the faithful discharge of official duties. For county surveyor, Gustave Schrader, republican nominee, is an experienced surveyor and civil engineer. We can therefore, without any mental reservation, stand by the republican ticket straight down the line, and urge the members of the party to do likewise.

We submit to the serious consideration of the voters the fact that the sheriff and district attorney of Amador county are now on a campaign tour, excusing and palliating the non-collection of county revenue. Both officials are charged with the duty of seeing that the income of the county is faithfully collected. And yet they are telling the people that the remission of back taxes and granting of free licenses for the future to Ratto and Glenn—involving a loss of over \$1000 all told—was a commendable business policy. Isn't that a pretty spectacle for citizens and taxpayers to ponder over. Is it not high time, as a matter of self protection, to put an end to this business. It is hard on the taxpaying community to have to pay for the shortcomings of others, but to have the favoritism indorsed is particularly displeasing.

## SCIENTIFIC MISCELLANY

Reported weekly for the Ledger

Growing Old—Simplified Telephotography—Automatic Pumping—Intellect and Evolution—Mushroom Antitoxin—The Earth's Temperature—Forcing Metals Into Glass—Primitive Telegraphy—To Make a Mouser.

That we die before 90 or 100, or have disease, is mainly our own fault we are told by a new work of Dr. A. Loraud, of Carlsbad, who shows that old age does not begin with failure of the arteries, but with degeneration of one or all of the ductless glands—especially the liver, the kidneys, the thyroid, or the adrenals. These glands govern the process of metabolism and nutrition of the tissues and remove the poisonous products introduced with food and air or formed as waste. After their degeneration, the processes of metabolism, or cell building and destruction, are diminished, and there is an increase of fibrous tissue at the expense of the more highly developed structures. Degeneration may result from various causes. These include the use of alcohol and tobacco in excess, overwork and too little exercise, and mental emotion, especially sorrow, grief and anxiety. Following ordinary hygienic rules lessens the burden on these glands, tending to prevent premature old age and early death.

Not least of the advantages claimed for the telephoto camera of Vautier and Schaefer, of Geneva, is its suitability for use on aeroplanes. The ordinary long-distance camera, using a combination of lenses, absorbs so much light that single long-focus lens in an ordinary camera would give the apparatus too cumbersome a length. In the new camera, the image of the distant object is reflected by one mirror to a second, and then to a single long-focus lens. This makes it possible to use a lens of 48 inches focus in a length of 16 inches, and very brilliant instantaneous views are obtained.

A novel household water system without storage tanks has a rotary pump, driven by electric motor, that keeps the water in an air cylinder at a certain pressure. Opening a faucet lowers the pressure, turning the starting switch, and the pressure switches off the motor at the fixed point.

Man is no longer growing in mental capacity, if the conclusions of a British authority, Neville Chamberlain, are correct. He makes a distinction between intellect, pure and simple, and the qualities that together make up what is called character, and finds it doubtful if the races often regarded as inferior are at any disadvantage in pure intellect. It is unfair to decide mental capacity by comparing those who have had the benefits of education—giving the accumulated experience of centuries—with semi-savages who have been brought up in the bush. Two generations ago the Japanese were thought to be little better than barbarians, of small intellect, and the Babus of Bengal and the aborigines of Australia were similarly regarded; but now they take front rank in modern universities, often excelling Europeans at examinations. More important to average success than great intellectual ability are the qualities constituting character—such as courage, earnestness, determination, judgment and sympathy. Even these traits must be preserved and strengthened by the same process of natural selection that has so powerfully influenced physical evolution, and the character of the individuals has made the character of nations. Anglo-Saxon success, past and future, may be looked upon as a result of national character, rather than any fancied intellectual superiority.

The serum treatment of mushroom poisoning has been shown to be possible by Radies and Sartory, French physicians. An extract of the toxic principle of two of the most dangerous varieties of mushrooms was made, and injections of this virus were made into rabbits in the usual manner for preparing antitoxin serums, such as those of diphtheria and rabies. After four months the rabbits were so completely immunized that eating the most poisonous mushrooms had no effect.

In his determination of the temperature of the whole earth, Dr. Fritzsche used the records of 800 places, the computed result being 14.6 deg. C. (58 deg. F.), with a variation of 4.2 deg. C. The end of January is the coldest period (12.5 deg. C.), and mid-July is the warmest (16.7 deg. C.) The mean temperature of the northern hemisphere is 15.3 deg. C., the southern being about 15.3 deg. C. colder.

Heavy metals have been introduced into glass by means of the electric current by two German experimenters, A. Heydewitter and F. Kopfermann. A small tube of soda-glass or potash-glass, closed at the bottom, was filled with a fused mixture of sodium and potassium nitrates, and was immersed in a fused salt of the heavy metal.

## PRETTIEST HATS IN JACKSON

Do you want a hat that will be the envy of your friends? You will find it at Miss Prosser's millinery store.

Hats for every occasion, for every style, or costume, for every figure, and face, for every fancy, and for every purse.

You are just as Welcome to Look as to Purchase

## PROSSER'S MILLINERY STORE

88 Main Street, JACKSON

Current was applied through platinum wire, the mixture within the tube forming the cathode, or negative pole, and the metallic salt outside serving as anode. Sodium, potassium, barium, strontium, lead, tin, copper, iron, cobalt and silver were thus introduced into the glass electrolytically, but with gold, platinum and uranium the attempts were unsuccessful. The temperatures in the successful trials were above 200 deg. C. The metals penetrate the glass in the colloidal form, giving colors varying with conditions, and on heating change to the metallic state or to oxides. Some metals diffuse to glass without the electric current, though very much more slowly.

A curious system of "wireless telegraphy" has been found among the Indians of the Putumayo, a chief tributary of the Upper Amazon. As described by W. E. Hardenburg, the apparatus consists of two logs of hard wood with small holes burnt through lengthwise by heated stones. The thicker of the two logs gives out two grave notes when struck, the thinner, two acute notes. Hanging from roof timbers, the logs are beaten with rubber-tipped clubs, and signals are sent by a code based on the difference of tone and the length and number of blows. In this way, messages are exchanged to distances of seven to ten miles.

Kittens are not taught to kill mice, but do it instinctively, according to the conclusions of two English observers. The instinct is aroused suddenly by the movement of the mouse, first appearing during the kitten's second month of life, while still feeble and scarcely able to eat a young mouse. If not first aroused until two or three months later, the instinct becomes less and less quickly responsive, and the practical inference is drawn that if a kitten is to make a good mouser it should be allowed to exercise its killing instinct while very young.

## CANNOT INJURE JOHNSON'S CHANCES

The extent to which the "special interests" will go in their efforts at defamation of character in the interest of the election of Theodore A. Bell is shown by the totally unfounded charge made in the San Francisco Post to the effect that Hiram W. Johnson received a fee of \$55,000 for his services in defense of J. Dalzell Brown, paid in stock of the Western Pacific. Herrin and the representatives of other "special interests" are trying to show that the fight against the Southern Pacific political domination which has been made by Johnson almost ever since he attained his majority, is due to the fact of his ownership of Western Pacific stock and his desire to enhance the value of those securities.

It can be stated in the first place that Hiram W. Johnson never received a \$55,000 fee from J. Dalzell Brown, or from anyone else acting in Brown's behalf, nor any sum at all approaching that amount. As to the charge ownership of Western Pacific stock received as a fee, Mr Johnson himself says:

"I never had, I never owned and I never was interested in a single share of Western Pacific stock, nor was I ever, in any fashion, connected with the Western Pacific, either as attorney or otherwise. The story is absolutely and unqualifiedly false, known to be false, and published with the knowledge of its falsity. It is simply part of the gross conspiracy that is now on in this state to win this election by mendacity, slander and outrageous vilification. It is exactly what I warned the people about in my interview last Sunday and they may know that more is to come."

The basis of this story printed in the San Francisco Post was a speech made by Frank E. Hering at Berkeley on Tuesday night, in which Hering put a series of questions, not making the charge directly, but intimating that as

the result of his investigation into the affairs of the California Safe Deposit & Trust Co., he had discovered this condition.

Hering is the supreme organizer of the Order of Eagles, an order in which Bell also is a high officer. He was brought out here from Indiana to do politics for Bell among the members of that order. As the rules of the order forbid its use in politics, the statement of Hering's official connection has been carefully avoided, although, his position has by no means been kept in the background. Hering has been Bell's close associate on the stump.

When Bell started his campaign by making personal attacks upon Johnson's sincerity, his own position was so plainly shown that he changed his tactics and asserted that he deprecated the use of personalities in the campaign. Of course, Mr Bell no longer wants personalities in the campaign, because it was plainly demonstrated that the personality in which he indulged in was simply a repetition of the statement of the San Francisco Post. Now he ceases himself, but he has his associates in the campaign and his journalistic allies, making a similar and even more mendacious and personal assault.

The campaign of unfounded slander

which has been undertaken by the Bell unquestionably will be continued up to the end of the canvass. This method of attack is familiar to everyone in San Francisco who has kept in touch with the progress of the prosecution of the San Francisco grafters, as the pet method of the men who shamed San Francisco. The same interests are attached to the candidacy of Theodore A. Bell and they are using the same method to accomplish the defeat of Hiram W. Johnson.

## PLYMOUTH

Mrs H. E. Potter and two children have gone to Jackson to visit relatives.

Miss Ethel Potter, who has been visiting her parents of this place for the past two months, has returned to Mills seminary to resume her work.

Mrs Anderson of Forest Home is here as the guest of Mrs Chas. Devore.

Mr and Mrs Dixon and three children, and Mrs Stillwagon of Alameda, were passengers on the incoming Carbondale stage on Tuesday evening, and remained overnight at the Forest House, the following morning resuming their journey to the Stillwagon place in Shenandoah valley, which they intend to make their future home.

M. A. Walton of Gresham, Oregon, is here on a visit to relatives.

Mrs Frances Rector and Mrs Ray Walton of Sacramento were summoned home to attend the funeral of their mother, Mrs M. C. Walton.

Mr and Mrs Ira Gray and little son of Shenandoah valley were the guests of Mrs Susie Culbert.

Mr and Mrs Chas. Devore, and Mr and Mrs Will Ninnis and little daughter Thelma attended the dance at Amador Saturday evening, and all reported a fine time.

Mr and Mrs F. Mann, who have been visiting the latter's parents for some time past, have returned to their home here.

On Monday night republican speaking was held here in Adams hall, the speakers consisting of the candidates for county officers. There was a large attendance. A social dance was given afterward by the Plymouth brass band.

On Tuesday night the democrats had a big time. The blasting began at 8 o'clock, and a big bonfire was lit on Main street where the old post office used to stand. The parade began from the livery stable and proceeded down Main street as far as the Levaggi residence, and turned, and came up Main street as far as Easton's hotel. First in the procession was supervisor Burke; next came John McGregor and Paul Estey riding donkeys with bells on, and then came Mr Freeman and Chas. Sevey driving a mule and donkey hitched to a cart with bells on the rig; next came the brass band in their uniforms, which consisted of old dusters. J. Ninnis brought up the rear, carrying a picture of Hiram Johnson. A big crowd attended the meeting.

Henry Lee and Jean Lee of Nashville were visitors in town one day last week.

Mary C. Walton died in this town October 29, aged 57 years, 7 months and 12 days. She was born in Illinois March 17, 1853. With her parents, Mr and Mrs Henry Ellenburg, she crossed the plains when only nine years of age, and has resided in various parts of California ever since. She was joined in holy wedlock to John S. Walton September 26, 1868. Of this union seven children were born, one of whom died in infancy. She is survived by a husband and the following children: John E., Mark A., Henry J., Charles W., and Ray L. Walton, and Mrs Frances W. Rector, and six grand children. Deceased also leaves an aged father and mother, two sisters, and three brothers.

Mrs Walton was for many years and up to the time of her death a faithful member of the Christian church, and her patient endurance of many weary months of suffering bore silent testimony of the faith in which she died. Mrs Walton's life in Plymouth as elsewhere has been characterized by a careful consideration and unselfishness toward all with whom she came in contact, and in the same life of noble purpose and unselfishness may those who are left to mourn her loss pay a most loving tribute to her memory.

Asleep in Jesus, blessed sleep,  
In which none ever wakes to weep.

LOST.—In Jackson, October 17, a small yellow dog, five months old, white front feet, white around neck, "N R" on collar round neck. Finder will be rewarded on giving information that will lead to recovery to Nick Relja, Oleta, Amador co.

## RAKER ABUSES ENGLEBRIGHT

### Candidate for Congress Grossly Misrepresents Facts In Jackson

Last Saturday evening Jackson was the scene of a democratic mass meeting, at which state senator, A. Caminetti, nominee for member of state senate from the 10th district, and Judge John E. Raker, democratic nominee for congress in the first district, were the principal speakers.

The Jackson band opened the meeting by playing several selections, after which senator Caminetti was introduced from the steps of the National hotel by Dr. E. E. Endicott, who acted as chairman of the meeting.

He seemed to think everything was positively certain as far as his own election was concerned. For his companion judge Raker, however, he was less certain, and therefore emptied his gift of oratory upon the judge, who is making a bitter campaign himself against his opponent, congressman Englebright.

Caminetti, after finding his voice gone by reason of hoarseness, introduced judge Raker.

Raker attempted to be clever in his opening remarks, by referring to his own beauty, but toned down to solid argument, and declared that he was going to be the next congressman from this district in spite of all his obstacles.

The democrats and the insurgent republicans will be able to control the house, he declared, and I shall, whenever I find it consistent, stand by the insurgent forces.

He announced that he opposed personal abuse, and personal criticism. I am making a daylight, noonday fight myself, and I will conduct this campaign until the polls close on the 8th of November along the same lines.

He stated that Englebright repeatedly voted against labor, and decried and attempted to belittle the present congressman in every manner possible.

Mr Raker confessed in his speech that nearly every person in Humboldt county informed him that owing to the successful work of Englebright in securing the appropriation of over a million of dollars, which had to be expended in repairing and improving the harbor of Eureka etc., that to a jack man of them, as he expressed it, would vote to return Englebright for that act alone. With the aid of a congressional record in which was printed only the opening appropriation of \$150,000, he claimed that congressman Englebright was misrepresenting the matter, and deceiving his entire district is the way he puts it. That he carried positive proofs of what he was telling. Then he exhibited the copy of the congressional record and read to his audience the appropriation which he stated before was but \$150,000 which congress really passed upon as the total amount for the work to put the harbor of Eureka in a navigable condition.

After the meeting the Ledger's representative interviewed the candidate and showed him an editorial published in a prominent Nevada county paper, stating that over one million dollars has been recommended. After reading the editorial, Raker turned to the reporter and said, "Well this paper is misinformed, that's all." He was then asked to deny or affirm the report as being an editorial it was supposed to carry with it an air of truthfulness only.

Well then, he said, "I wish to inform you that Mr Englebright is deceiving everyone that he tells that he has secured the million dollar appropriation for Humboldt county, or any promise for that amount, that his only appropriation is \$150,000 which in itself is insufficient to tow out and anchor scows to start the work, and there is nothing whatever on record that at any time congress will ever appropriate one more cent to carry on the work.

Then he picked up his dress suit case and took therefrom a large package of papers and documents, which covered the entire period of Mr Englebright's experience in public life. I exhibit these papers willingly he commented, whenever I meet a man who is willing to be convinced.

Starting at Englebright's earliest period as a public official, he presented his record, declaring that the present congressman had done nothing commendable since his first election, and intimating further, that he did not have the abilities to qualify for the position he is holding.

The only purpose was to prejudice the republican candidate, if possible, in the minds of some, and thereby alienate votes, and help the democratic candidate. The scheme was raw, but the monumental mendacity of the speaker staggered us. We took the opportunity to call up Congressman Englebright by telephone when at Sonora, and asked him about some of the statements made by Raker, especially the charge of deceiving the people of Humboldt county by telling them of a million dollar appropriation, when in fact only \$150,000 was granted. Mr Englebright informed us that the engineers sent out by the government to investigate conditions, reported to congress that it would take \$1,037,000 to make the improvements contemplated. On this basis the sum of \$150,000, was voted at the last session as a starter of this great work—the estimated cost of one year's work. It is merely the beginning and not the end of the matter, as the unscrupulous Raker wished to make the people believe. Other appropriations will be made as needed.

Judge Raker has been making the same kind of shameless misrepresentations in other places. The Placer Republican takes him to task severely for his low down tactics. It says:

Mr Raker stated that his opponent had deceived the people of Humboldt county into the belief that he had secured an appropriation of \$1,037,000 for harbor improvements at Eureka and that he (Raker) has "astounded" the people of that county by proving that only \$105,000 had been appropriated. As a matter of fact Mr Englebright in his speeches in Humboldt county and interviews printed in Eureka papers has fully explained this matter. He has shown that he has obtained an appropriation of \$150,000 to cover one year's work. The plans providing for the improvement of the bar call for an expenditure of \$1,037,000 and this will be available as the work progresses. The people of Humboldt county will give Mr Englebright an overwhelming majority November 8.

Judge Raker expressed himself in favor of an eight-hour law. The only time the eight-hour law has come up in congress while Mr Englebright was a member was at the last session, when it was made to apply to government vessels built by contract. It was a hot fight to get the bill passed and Mr Englebright voted for it. He is in favor of extending the law to all branches, which congress has the power to regulate.

Mr Raker stated that Congressman Englebright had done nothing to improve the navigation of the Sacramento river. Our congressman has obtained an authorization for a survey of this river from the mouth of the Feather river to Red Bluff. The report of the board of engineers made upon that authorization is now before the board of reviews. The reports recommends a sufficient expenditure from Sacramento to Colusa for a four foot channel, \$32,000 for a four-foot channel from Colusa to Chico landing and \$6,000 a year from Chico landing to Red Bluff for a three foot channel for a part of the year. He has also favored an appropriation of \$400,000 for the improvement of the Sacramento river.

Mr Raker favored diverting a portion of the Sacramento river for irrigation purposes, but did not state how he was going to get the many millions of dollars necessary to carry out the work.

Mr Englebright is not opposed to conservation as claimed by Judge Raker. Mr Englebright believes in maintaining national forests with proper boundaries and under qualified management. One of the first bills Mr Englebright introduced in congress was to increase the percentage of the receipts from the national forests, to be paid to the several counties in which they are situated, for the benefit of the road and school funds, and such an increase to 25 per cent was made.

Judge Raker informed his audience that Congressman Englebright had done nothing for the mining industry of the state. He was chairman of the subcommittee on mines and mining, which prepared the mining bureau bill, and he helped to pass it. The mining bureau is in active operation and is making investigations that will be of great service to the miners—to prevent mining accidents and protect health and lives of the miners. An important matter was the withdrawal bill which he helped to get amended to give miners and prospectors the right to make their locations on veins or lodes within the area withdrawn.

The miner and prospector has a champion in Mr Englebright, and he successfully made a fight so that any public land in the state can now be located and patented within or without the forest reserves for the metaliferous minerals and the miner can have the free use of timber on his claim to be used in working it.

Here are a few more things for the information of Judge Raker: Congressman Englebright voted for the postal savings bank bill. As a member of the naval committee he succeeded in having included in the naval bill an item providing for the construction of submarine torpedo boats to be built on the Pacific coast and saved from defeat the appropriation for the construction of a collier at the Mare Island navy yards. He favored and voted for the many measures passed in favor of the working classes, the employers' liability bill, the sixteen hour bill for trainmen, the bills providing for safety devices to protect the lives of trainmen.

Mr Englebright worked faithfully for the bond issue of \$20,000,000 to put the reclamation service on an entirely new basis, so that practical assistance can be expected in the construction of irrigation works in California in the future.

And yet Judge Raker could find nothing Mr Englebright had done for the people of his district and state!

While it may be admitted that Judge Raker is a fluent talker, with a strong voice, his speech was too radical to command respect. A more audacious attack upon a congressman, evidently prompted by an overpowering desire to go to Washington, has never been heard in Amador county. Raker surely raked his opponent fore and aft, and if his statements were even half true, they would tend to lower our very able and active congressman in the estimation of his constituents. But his speech was a tissue of misre-

presentation. And how one holding the office of judge could indulge therein passes our comprehension.

According to Judge Raker, congressman Englebright had voted against labor bills, had done nothing for the benefit of his district. His speech was a diatribe against the present incumbent, intended only to create a prejudice. He had accomplished nothing for the mining interests, nor for the improvement of the Sacramento river. In fact, his remarks tended to create the impression that Englebright was lacking in all the essentials of a member of congress, and should therefore be displaced and himself substituted.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Eclectic Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

## JACKSON CITY ITEMS

McGary has a large line of fine dress goods to select from.

As a result of the increased license on the counter slot machines from \$5 to \$30 per quarter, all the machines—seven in number—were turned to the wall on the 1st, the day the new city ordinance went into effect. The proprietors say they cannot afford to pay such a tax, and quit. It is reported that an effort will be made to have the license reduced.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Burdock Blood Bitters made me a well woman"—Mrs Chas. Freitoy, Moosup, Conn.

The board of supervisors will meet next Monday for general business.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

The Hardenburgh mine purchasers have also purchased a tract of land to the east of the Middle Bar road, heretofore known as the Littlefield mire, upon which they propose to sink their vertical working shaft, which is expected to tap the ore body at considerable depth.

Buggies, wagons, farming implements, at lowest rates, at McCall & McCall, 320 Market st., Stockton.

### Scurrilous Tactics

At the last moment a despicable attempt is being made to turn votes from Wallace, republican candidate for lieutenant governor. Defamatory posters are being posted throughout the county stating he is a prohibitionist and an advocate of state division. These are baseless slanders. He is not and never has been a prohibitionist, and helped to quiet the state division talk in the southern part of the state when the subject was agitated a year ago. We hope voters, irrespective of party, will see such methods.

## DEMOCRATS PLEAD CAUSE

Continued From Page 1

the clay of Amador county, and I want you all to attend my funeral. I want the largest funeral in Amador county."

District Attorney Vicini was the big show. Bole, Gregory and Spagnoli were the burden of his speech. Bole he accredited a most brilliant career "I've served with him, I know his standing and worth to any community. I know he will make you a good judge. I'm not getting paid for this talking, and turning to the candidates, he added, "at least you are not paying me. Are you? Why people, this candidate I have known for 12 years, and many a case I've tried with him. I've helped him make the city ordinances, and I know what I am talking about. They say he will have to send far off if elected, to get a judge, whenever he is disqualified. Why nothing of the kind, he can get a man over here as quick as you can get to Jackson. Judge McSorley of San Andreas will be too glad to favor him. Taking up Gregory, Vicini declared, "why you have one of the best sheriffs in the state, why should you care to change. Often times, if a man knows he won't be returned to office, he'll say to himself, 'Well, if I'm not elected again, I make what I can out of it while I have it.' Your sheriff is reliable, I know because I've been with him many years, and I've met many sheriffs in my time, and he is on the top of the ladder too. They say he is getting too much money. Don't you think the other fellow will pull down the same price?" You bet he will he added. Let me tell you people, he is worth it, every cent of it.

The Ratto license affair was next aired. Vicini did his best to clear himself and the sheriff of the mess. He compared Ratto with a poor old paralytic, who was trying to earn a livelihood by selling trinkets on the street in order to keep from going to the poorhouse. For Ernest Spagnoli he said: "Why they say he is too young for the place. Let me tell you people, I was only a few years older when I was elected to the same office. I admit, however, that maybe I couldn't do all the duties the very best, yet I got along somehow. And this young man tells you he is 25 years old, and that he'll scrutinize every bill presented for payment in order to prevent the county from receiving any loss by false bills.

The Ledger reporter attended a rally at Amador last night, as reports were afloat that the Ledger was knocked to pieces when no notes were being taken. The reporter's presence however, was reported to the rampant orators, so the Ledger escaped a roast at the meeting and the roaster escaped the mortification of seeing his roast published in these columns. Now, what can voters think of harangues who act thusly.

ANY LADY can easily make from \$18.00 to \$25.00 per week working for me quietly in her own home locality. This is a bona fide offer—one which will pay you to investigate, even if you can only spare two hours per day. No investment required. Turn your spare time into money. Write me at once for particulars. Address MARY B. TAYLOR, Box, 30 Worran's Building Joliet, Illinois.

## SHENANDOAH

Nov. 4—Harvey Jameson has moved from the Stillwagon place to his new home, which he has recently purchased.

Mrs M. Stillwagon and daughter, Mrs Albert Dickson, with the latter's children, have arrived from Alameda, and will make their future home in the valley.

Robert Brown sr., has returned from a visit to his daughter, Mrs F. M. Norris of Oakland.

Mrs Susan Crain, who has been visiting her daughter, Mrs J. M. Lewis of San Francisco, has returned to the valley.

Mrs J. J. Davis was very painfully injured by a fall from the steps leading to the back porch of her home. She struck on her side on the corner of a large flower box and was severely bruised, but escaped serious injuries. She was confined to her bed for nearly a week, but is able to be about a little now. Mrs M. Sevey of Plymouth, who has been helping her during her illness, has returned home.

The young folks of the valley enjoyed a halloween dance last Saturday in the house on the old Proctor ranch. Shan.

### Concert Program

Following is the program which will be rendered this week on Main street, by the Jackson Military band:

1. "Port Arthur," March, R. F. Seitz
2. "Anita," Spanish Serenade, T. S. Allen
3. "Dance of the Skeletons," T. S. Allen
4. "Cupids Bouquet," Waltzes, Chas. Sauglear
5. "Temptation," Rag, Henry Lodge
6. "The Brookside," Polka Caprice, F. H. Losey
7. "Chimes of Normandy," Select, R. Plauquette
8. "Washington Grays," March, C. S. Grafala

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's cough remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all dealers.

### Flying False Colors?

A. G. Briggs, manager of the Pacific Motor Publishing Co. of San Francisco came to Jackson in company with John E. Raker, democratic candidate for congress. He is endeavoring to help along the aspirant for congress in every way he can, although advocating the good roads proposition by a radical change in the law, which will make the county surveyor the superintendent of roads, and responsible for all work done on the public highways. He is deeply interested in good roads, as his business, the automobile trade—depends upon efficient road making. He thinks by concentrating the responsibility of road repairs upon one elective official, a much better return for the money expended will be secured. It is probable that a bill will be introduced into the legislature at the next session for the purpose of reforming—doing away with supervisor control of roads.

### DOCUMENTS RECORDED

[The following instruments have been filed for record in the recorder's office since our last report. We publish a complete list of documents recorded, and must decline to accede to any request to suppress any document from these columns. Don't ask us to do so.]

Lincoln Consolidated Mining Company vs D V Ramazzotti et al. Suit to quiet title to lots 8 and 9, Sutter Creek, to which the defendant assert some interest. Stipulation filed allowing defendant until November 15 to answer.

Estate of John Collier—William Going petitions for letters. Deceased died September 5, 1873, leaving real estate consisting of lot 5 block 10, Sutter Creek, of an estimated value of \$500. The heirs are Katherine Millinovich, of Tucson, Arizona, Katherine Hesse also of Tucson, Lizzie McNutt, of Los Angeles, Dollie Compton, of Los Angeles.

Estate of J H Fullen—R T Fullen appointed administrator, upon filing bond of \$900.

Estate of O Zanzucchi—By request continued until November 12.

Estate of H E Morrow—There being no appearance of parties, continued until November 7.

### Many Halloween

### Pranks are Unjust

Halloween was observed on Monday night last by many of Jackson's younger folks, and pranks were played on the unwary.

About 7 o'clock a procession of about eight or ten youngsters all wrapped in sheets and wearing white masks, filed into Main street from Court street and scared all the dogs and horses on the thoroughfare. They tramped single file down to the National hotel, and then counter marched. They then started a series of pranks that will no doubt take weeks to unravel.

Joe Vigna, who is janitor at the Jackson grammar school, forgetful of his last year's deal, was on hand, and had the building all in readiness to receive the pupils for the day's session, and at the regular time at which the first bell was to ring he proceeded to pull the bell rope, but curfew refused to respond. After tugging frantically on the rope without response, he hastened into the belfry and there found that one of the goblins had removed the bell clapper. He then began a scamper to find the clapper in order to be in time with his ringing, but no clapper was found, and as a result no school bell rung that day.

The board of trustees were notified, and a new clapper was ordered, which will be riveted into position, so that those who attempt to steal it again will have quite a task to perform.

Much destruction was done by the more thoughtless class of youths who were out for the night's rampage. Gates were torn from their hinges, flower pots holding valuable plants sent crashing across lawns, and carriage wheels of every description, more or less damaged.

It becomes the duty of the parents

to caution their children that such destruction carries with it a penalty, and that unless such actions are not refrained from, the sport might pass out of existence.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's cough remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.

### Orchestra Enjoyed

The orchestra composed of Archie S. Moore, cornet; Ernest Tam, trap drums; Chris Jenessen, violin; and Miss Mildred Eddy, piano; has made quite a hit at Sutter Creek, where a double engagement was filled in a week's time.

It goes without further comment that if Sutter Creek enjoys our talent, we should appreciate it here in Jackson by substantial response when a dance is arranged for by local societies.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's stomach and liver tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

### Ranch for Rent

FOR RENT.—Stock ranch near Drytown, 305 acres fenced in three fields. Plenty of water, house and two barns. Also have for sale, two horses, harness, plows and four horse team. Inquire of Clemente Giannini, Drytown or directly of owner, Mrs. John Giannini, 465a Frederick Street, San Francisco. No.4

sinking fund at that time, and thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the county of San Francisco, and also in one newspaper published in the city of San Diego, and also in one newspaper published in the city of Los Angeles, stating the number of bonds to be drawn, and the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last day said date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and after such last day, and the interest coupons thereon, and each year, beginning with the year nineteen hundred and fifty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinbefore stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Diego harbor improvement fund. At the same time of the interest, drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions, except those relating to the necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to take effect immediately.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon, and at the end thereof, the words, "For the San Diego seawall act," and in a separate line under the same words, "Against the San Diego seawall act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Diego seawall act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Diego seawall act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast thereon at said election, as aforesaid, then the same shall have effect as herebefore provided, and shall be irrevocable until the principal and interest of the said bonds, created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid, are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceeding the general election to be held in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Diego harbor improvement fund, on controller's warrants duly drawn for that purpose.

Sec. 12. The state controller and state treasurer are hereby directed to transfer from any moneys paid into the San Diego seawall fund under the provisions of this act to the general fund of the State of California, any and all sums of money therefrom transferred from said general fund to the San Diego seawall fund, together with interest on said moneys from the date of transfer at the rate of four per cent per annum.

Sec. 13. This act may be known and cited as the "San Diego seawall act of 1909."

W. R. PORTER, President of the Senate.  
P. A. STANTON, Speaker of the Assembly.  
Approved April 16th, A. D. 1909.  
J. N. GILBERT, Governor.  
Endorsed: Filed in the office of the Secretary of State the 7th day of April, A. D. 1909, at 12:30 o'clock p. m. C. C. CURRY, Secretary of State.  
By J. Hoesch, Deputy. 1529-15

Another Pioneer  
Answers the Last Call.

John Batchelder, one of the pioneers of this section, died at the residence of his son, J. E. Batchelder, in Jackson, on Saturday last, after an illness of about nine days. About a week before the end, while engaged in some light work about his home near Butte mountain, he was taken ill believed to have been the result of the rupture of a blood-vessel in the brain. He was removed to his son's home in Jackson, where he could receive the necessary care and attention, as his wife is too old and feeble to give him the needed care. He took to his bed at once, and was never thereafter able to rise therefrom. He gradually sank into unconsciousness, and passed away in that condition. The funeral was held last Monday, the Rev. J. O. Duncan officiating, and the remains were interred in the city cemetery. Many of the pioneers who had known him from early days gathered to pay the final tribute of respect to his memory.

Not Sorry For Blunder

"If my friends hadn't blundered in thinking I was doomed victim of consumption, I might not be alive now," writes D. T. Sanderson, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have been for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by Spagnoli's drug store."

The Proof That Jackson Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. James Cook, 25 Water street, Jackson, Cal., says: "For a long time I was afflicted with kidney complaint and my health became all run down. My back ached continually and I was subject to headaches and dizzy spells. The contents of the first box of Doan's Kidney Pills, procured at the City Pharmacy, worked wonders, and after I had used four boxes of this remedy, my trouble was a thing of the past. I am only too glad to endorse Doan's Kidney Pills." (Statement given in July 1907.)

**GOOD WORK.**

Mrs. Cook was interviewed on April 5, 1910, and she added to the above: "I have nothing to retract from the statement I gave in praise of Doan's Kidney Pills in 1909. My cure has been permanent, and thus my faith in this remedy has increased."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**Fully Recovered**

While cleaning an automatic revolver at his boarding house last week, Franatovich, who is a member of the stone cutting firm of Franatovich and Zarevich, received an ugly wound in his leg as the result of the accidental discharging of the weapon. Although painful, the wound was not dangerous one, and after it was dressed by Dr. Gall, the victim resumed his customary daily duties.

**Church Services**

**CATHOLIC**

1st Sunday each month masses at 7 a. m. and 9 a. m. All other Sundays mass will be held at 9 a. m.

REV. J. J. GLEESON  
Pastor.

**METHODIST**

Preaching Sunday morning at 11:00 a. m.

Preaching Sunday evening 7:30 p. m.

Prayer meeting, Wednesday evening at 7:30 p. m.

Rev. J. O. DUNCAN,  
Pastor.

**EPISCOPAL**

St. Augustine's, Jackson 1st and 3rd Sunday of the month service at 11 a. m.

2nd and 4th Sunday of the month, services at 8 p. m.

Trinity, Sutter Creek, 1st and 3rd Sunday of the month, services at 7:30 p. m.

2nd and 4th Sunday of the month, services at 11 a. m.

JOHN E. SHEA,  
Rector.

**Infant Dead**

The infant daughter of James Hamby died at the home of Charles Kohler of this city on Saturday last. The mother died about three weeks ago, shortly after giving birth to her child.

**Will Promote Beauty**

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25c at Spagnoli's drug store.

**Little Miss, Well**

Louise Grosso, daughter of Mr. and Mrs. Grosso, has recovered from her attack of diphtheria. She was under the careful and efficient treatment of Dr. Gall, and is up and about at this writing in the best of spirits.

**Shall women vote.**

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they are unequalled. Easy, safe, sure. 25c at Spagnoli's drug store.

# HIGH SCHOOL GETS BOOST

Continued from Page 1

ing was presided over by ex-supervisor A. B. McLaughlin, who introduced the speakers of the evening. Professor Greenhalgh of Jackson delivered a masterly address outlining the advantages to be derived from the establishment of a county high school. Rev. John Shea, and Jas. Jay Wright, both of Jackson, followed with brief but pointed addresses, in which they pointed out the benefits to be derived from such an institution, as seen from the view point of the church and the business man. A large bus-load of boosters, equipped with horns and banners, attended from Jackson, and a good representation was also present from Sutter Creek. On the platform were John Gallori, John Grillo and P. I. Jonas, trustees of the Volcano school district; Professor Greenhalgh, Rev. John Shea, Jas. Jay Wright and Mrs C. P. Vicini, of Jackson, and Mrs B. C. Clark, of Sutter Creek. Present from Jackson were: Mesdames Greenhalgh, Marelia, Fuller, Wright, Fisher, Taylor and Podesta, and Messrs A. Podesta and Julius Picardo; from Sutter Creek, Mr and Mrs W. E. Downs and Mrs Frank Soracco.

At Pine Grove large delegations were present from Jackson and Sutter Creek, and addresses were made by Greenhalgh, Wright and J. E. Wylie, of Jackson, and C. H. McKenney of Sutter Creek. The school children here also sang their rally song and gave their yell, and music was rendered by an orchestra of two pieces from Sutter Creek. The meeting was presided over by Benj. Pitts, of the board of trustees of the Pine Grove school district. Hon. A. Caminetti, of Jackson, arrived before the conclusion of the meeting, having driven up especially to attend this meeting. He closed the program with a brief but instructive speech upon the legal aspects of the issue, and outlined the legislation effected and planned in the interest of higher education throughout the state under state aid. Fifteen enthusiastic boosters were present from Jackson, and a like number from Sutter Creek.

# Pioneer Mother Passes Away

Mrs Evelina P. Rust, the venerable mother of Edwin C. Rust, business manager of the Index, passed away at 12:30 o'clock this morning at the advanced age of 94 years. The funeral will take place from St. Paul's Episcopal church at 1.30 o'clock Thursday afternoon.

The death of Mrs Rust removes from the stage of life one of the pioneer mothers of California, who in the most strenuous days of the history of the state was a model wife and mother and the friend and counsellor of many a young man far away from home and kindred. She was an exemplification of the Christian virtues that make the life beautiful, and her end was peace.

Born in Whiting, Vt., on Aug. 7, 1816, she was married to Richard Rust at Stribury in the same state on. Aug. 15, 1834. Soon afterward they moved to Louisiana, where they resided until 1849. In this memorable year Mr Rust was appointed secretary of the United States boundary commission and they came to California via the Panama isthmus, arriving in San Diego on July 13, 1849. Her husband, her family and herself have made their home in this state ever since.

Mrs Rust was the mother of five children, two daughters who died in infancy, and three sons, the late Judge Richard Rust of Amador county, the late Edgar C. Rust and Edwin C. Rust of this city, who survives her. She has made her home with her son's family here for the last two years and her declining days have been brightened by the care and affection shown her. She was a devout member of the Episcopal church, having been confirmed in that faith in Louisiana in 1836. She has many friends throughout the state who will hold her in loving remembrance.—Salinas Index.

Cheapest accident insurance—Dr. Thomas' Eclectic Oil. Stops the pain and heals the wound. All druggists sell it.

WANTED.—Young girl or woman to take care of invalid woman, and child. No washing or ironing. Apply at once at this office.

**Card of Thanks.**

We desire to express our thanks to all kind friends who aided us in the last sickness and funeral ceremonies of a beloved husband and father, J. E. Batchelder.

Mrs Maria Batchelder and family.

# FARMERS STRONG FOR EXPOSITION TAX

# State Grange Adopts Resolutions Favoring Proposed Amendments

The farmers of California are enthusiastic supporters of the proposed Panama-Pacific Exposition to be held in San Francisco in 1915 and they are practically unanimous in favor of the proposition to tax the State and bond San Francisco to add \$10,000,000 to the Exposition fund.

The California State Grange, at its meeting in Napa on October 6th, adopted the following resolutions:

Whereas, There has been submitted to the people of the State of California two proposals for amendment to the Constitution of the State; and

Whereas, These measures, if approved, will enable the people of San Francisco to raise by taxation \$5,000,000 for the Panama-Pacific International Exposition, and will provide for a State tax adding another \$5,000,000 to the Exposition fund; and

Whereas, We, as farmers and producers, realize the vital necessity of supporting and encouraging the efforts of the men who are bending every energy to the successful consummation of the plan to place before the world the wonderful resources of the Pacific Coast; therefore, be it

Resolved, That we, the members of the California State Grange, do hereby express our belief that the best interests of California will be served by favoring these measures. We are of the opinion that the effect of the Panama-Pacific International Exposition will be to largely aid in the development of the State and her resources;

Resolved, That a copy of this resolution be sent to each subordinate Grange in the State, and to each individual member;

Resolved, That the Secretary of this organization be instructed to forward each subordinate Grange in California such printed matter as will call the attention of the people to the importance of these measures.

# EDITORS FOR EXPOSITION TAX

Members of California Press Association Will Work for Amendments.

The California Press Association has unanimously and unqualifiedly endorsed the San Francisco Panama-Pacific Exposition project. Seventy-five members of the Association, all prominent newspaper editors and managers, held a three days' conference in San Francisco October 7, 8 and 9, and after a thorough discussion of the subject, pledged themselves to work for the passage of the two proposed constitutional amendments by which \$10,000,000 will be added to the Exposition fund.

The resolutions adopted contain the following paragraph having particular reference to the State tax:

"This convention heartily endorses the State tax on \$5,000,000 to be devoted to the funds of an International Exposition to be held in San Francisco in 1915."

# ODD FELLOWS ENDORSE EXPOSITION

The Grand Encampment, I. O. O. F., at its annual session at Santa Ana, on October 7, unanimously adopted the following resolution endorsing the Panama-Pacific Exposition at San Francisco in 1915:

Resolved, That the Grand Encampment heartily endorses and approves the holding of the Panama-Pacific Exposition in California in 1915, and requests its members, individually and collectively, to use their best efforts and influence in local, State and National matters that shall culminate in assembling not only the people of our own Republic, but the nations of the world, in our Golden State at the completion of this great enterprise.

# AN ENORMOUS PLEDGE.

Commenting editorially on the action of the legislature in paying the way to add \$10,000,000 to the San Francisco Panama-Pacific Exposition fund the Healdsburg Enterprise says: "It is recognized that the exposition would be of great benefit to the whole coast if only from an advertising point of view. In order that the United States government may take official notice of the fair it is necessary that these bonds be voted. This \$10,000,000 together with the \$7,500,000 already subscribed by San Francisco will enable California to go to the opening of the session and offer the United States an enormous pledge that it is able to finance and conduct an exposition that will be a credit to the nation."

# THE LOGICAL PLACE.

That San Francisco is the logical place to hold the world's fair in 1915 could not be denied by even the fairest minded people of New Orleans. There is no harbor to New Orleans; it is inland 100 miles, on a river, but no place to invite the navies of the world, and that will be half a show of itself. It is to celebrate the bringing ocean to ocean together, and with the finest harbor in the world San Francisco is entitled to it. Let's boost San Francisco and California.—Acton Rooster.

# MINE NEWS ALONG LODGE

# Interesting Accounts of Mines Located In Amador Co.

**Hardenburg**

Work was commenced on this mine last week. A force of about twelve men are grading a new road to the proposed site of the shaft. The spot selected for the new shaft is on a piece of land east of the former shaft, and considerable work is necessary in making a road thereto. As soon as the road is completed a crew of forty men will be needed to commence sinking and preparations for the hoist. The shaft is to be a three compartment one—an up-to-date working shaft. It is proposed to sink 2000 feet.

# Card of Thanks.

We the undersigned, wish to express our sincere and heartfelt thanks to the many friends who assisted us during our sad bereavement in the loss of our dear wife and mother, also for the beautiful floral offerings.

John S. Walton and family.

# Changed Considerably

Previous to the time that Mr Bole decided to become a candidate for judge, no man in the county had more to say in praise of Judge Wood. He openly stated that he was able, impartial and courteous, and that the county was to be congratulated upon his appointment, and that he would be willing to practice before him the remainder of his life. Mr Bole has had no cases before Judge Wood since he became a candidate, and yet under the guise of a communication from Sutter Creek to promote his candidacy, he permits the publication of an article reflecting upon the honor and motives of Judge Wood for his decision in a case in which Mr Bole was an attorney.

An attorney who would endeavor to elevate himself to the bench by taking advantage of attacks upon the court would certainly not elevate the court by his occupancy of that bench.

# DIED.

HAMBY.—In Jackson, October 28, 1910, infant daughter of James Hamby, aged 3 weeks.

BATCHELDER.—In Jackson, October 28 1910, John E. Batchelder, a native of New Hampshire, aged 83 years.

GLAVINICH.—In the South Eureka mine, October 28, 1910, Nick Glavinich, a native of Austria, aged 48 years.

# In Loving Memory

John Briggs Batchelder was born in Raymond, Rockingham county, New Hampshire, December 26, 1826. He was engaged in farming in his native state, until 1847, when he moved to New Bedford, Mass., and there embarked on a sailing vessel bound for Australia by the Cape of Good Hope route. He lived in Australia until the latter part of 1849, when he was seized with the gold fever which was then sweeping around the world incident to the discovery of gold in California. He left for California, arriving in this state in the spring of 1850. He joined a United States expedition organized in Monterey to subdue the Indians in the Four Creeks country, as it was then called, and which is now comprised in the counties of Kern and Tulare. The expedition, after accomplishing its object, crossed over the mountains into the San Joaquin valley to Benecia, and disbanded in the fall of the same year. After a few months he started for Jackson, arriving here in May, 1851, and proceeded at once to Clinton, where he followed mining and vegetable raising until 1853, when he moved to a ranch one mile east of Jackson, and engaged in farming up to the time of his death. In 1865 he was united in marriage to Mrs Maria Thompson, nee Eakin. One son and one daughter were born of this union, both of whom survive; J. E. Batchelder of Jackson, and Mrs Rose Dabadie of Altaville, Calaveras county.

# Better Photographs

When you have your "photos" taken by LOGAN you get better workmanship and more satisfaction than anywhere else. Up-to-date apparatus, the best of skill and many years of experience have given LOGAN a well deserved reputation. He is the premier photographer of Stockton. When you come to town don't fail to call at the studio—15 S. San Joaquin St. Prices always odd rate—work always best

# Ladies' Society.

# China Closet Given Away

The beautiful china closet which has for several months past, been on exhibit in the window at McGary's dry goods store, will be given away on the 9th of this month.

# Deafness Can not be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars or any case of Deafness (caused by catarrh), that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

# Children's Night

The meeting of the local chapter of Order of Eastern Star on October 29, was observed as children's night. A very entertaining and appropriate program was presented as follows:

Remarks, Mrs Alice Jones; reading, Mrs N. Oulds; vocal solo, Eileen Fleming; instrumental solo, Marie Weller; violin selection, James Harvey; reading, Louisa McLaughlin; recitation, Robert Quirrollo; recitation, Handel Kelly; piano solo, Lenore Zumbiel; recitation, Gertrude Harrington; recitation, Louis Wylie; recitation, Phillipa Kelly.

Bihous? Feel heavy after dinner? Bad taste? Complexion sallow? Liver needs waking up. Doan's regulators cure bilious attacks. 25 cents at any drug store.

# Deserving of Credit

In submitting the list of the who assisted in making the calico ball and the ravioli supper such a grand success, the names of Mrs Kate Garbarini and Mrs Etta Harris were omitted. We wish to express to those ladies in particular our heartiest thanks for the loyal and strenuous efforts they exercised in the affair.

MRS E. E. ENDICOTT,  
Chairman, Ways & Means Committee

# Order to Show Cause Why Order Of Sale of Real Estate Should Not be Made.

In the superior court of the county of Amador, state of California.

In the matter of the persons and estates of Elvie H. Troyan, Hilda J. Troyan, and John G. H. Troyan, minors.

It appearing to this court from the petition this day presented and filed by Amanda Emma Troyan, the guardian of the persons and estates of, Elvie H. Troyan, Hilda J. Troyan, and John G. H. Troyan, minors, praying for an order of sale of certain real estate belonging to said wards, and that it is for the best interests of said wards, and necessary that such real estate should be sold;

It is hereby ordered that the next of kin of said wards, and all persons interested in the said estate, appear before this court on Saturday, the 12th day of November, 1910, at 10 o'clock a. m., at the court room of this court, in the city of Jackson, county of Amador, state of California, then and there to show cause why an order should not be granted for the sale of such estate.

And it is further ordered that a copy of this order be published at least once a week for three successive weeks before the day of hearing, in the Amador Ledger, a newspaper printed and published in said county of Amador.

Dated October 11, 1910.

FRED V WOOD, Judge
